Helpful hints:

- We want you to be able to share your work with us as easily as possible (copy and paste welcome!). Accordingly, all text questions on this form have been set to the system's maximum character limit of 10,000 (1,600 words or about 3.5 pages single-spaced). Please do not feel obligated to fill all this space; **the character count is not an expectation, simply a maximum**. For each question, we've included a suggested character count to guide your response. You'll always have more room if you need it, but if you can say it with fewer words, great!
- A Word version of this form is [available on our website](#) for download.
- Our system allows users to collaborate on grant applications; for more information about the Collaborator feature, check out [this tutorial](#).
- Google Translate is enabled on this application; use the drop-down menu at the top of your screen to automatically translate questions and instructions.

Request Summary*

If you are requesting general operating support, please briefly describe where funds might be applied. If you are requesting support for a specific project or program, please briefly describe key project/program needs.

Helpful hint:

You do not need to request a specific dollar amount. Community Grant award amounts are fixed based on the size of the organization according to [this table](#).

**Note: You will be able to describe your programs in greater detail later in the application. We're just looking for a brief synopsis here.*

The suggested character count for this question is 1,000 (about 175 words or a little over a quarter page single-spaced). As always, if you need more space, you have it, and if you can say it in fewer words, please do.

Character Limit: 10000

Mission, Vision, & Values*

If you have an existing statement, please copy and paste below or provide a link. If you do not have a pre-existing statement, in as few words as possible, please summarize the why, what, and how of your work. One or two sentences will totally suffice!

If you're drafting something new for this question, the suggested character count is 250 (about 40 words), but feel free to submit something longer.

Character Limit: 10000

Program Description*

Please provide a detailed overview of your programming.

Note: subsequent questions will ask about program impact, participants, and location. If it's easier to include that information in your response to this question, please do so. As always, copying and pasting something you've already written is encouraged!

Helpful hint:

Applicants seeking project or program support: Please be sure to include details specific to that project/program.

There is no suggested character count for this question—please use however much space you need!

Character Limit: 10000

Impact*

If you covered program impact in your response to the previous question, please simply write "see above." Otherwise, please use this space to share how you measure your impact and what your impact is. We are open to both quantitative and qualitative information—whatever is most meaningful to you—but if possible, please include:

- the overall number of participants reached by your organization (or by the project/program)
- if you have multiple programs, the number of participants reached by each program
- the number of contact hours per participant

Helpful hint:

Applicants seeking project or program support: Please be sure to include details about that project/program.

The suggested character count for this question is 3,500 (about 575 words or one page single-spaced). As always, if you need more space, you have it, and if you can say it in fewer words, please do.

Character Limit: 10000

Tell us about your participants.*

Please tell us about the people with whom you work. This may include demographic data, qualitative information, stories, quotes, or whatever else is relevant. If you covered this information in your response to previous questions, please simply write "see above."

Helpful hints:

- Applicants seeking project or program support: please be sure to include details about that project/program.
- If your project or program works with distinctly different groups of participants, please indicate that here.

The suggested character count for this question is 1,500 (about 250 words or a half a page single-spaced). As always, if you need more space, you have it, and if you can say it in fewer words, please do.

Character Limit: 10000

Location*

What we're looking for here is a sense of the place(s) where your organization operates and/or where your participants live. We understand that every organization operates differently: some have a home base with satellite programs, some work exclusively at partner locations, some are based in the communities where they work, some operate virtually, and so on. What is most significant to you about your location(s)?

Helpful hints:

- We feel that it's important for people working in a community to know that community well. Please use this prompt to tell us how you maintain a robust connection to the place(s) where your organization operates and/or where your participants live.

This is not an application, only a list of our application questions. To apply for a grant from The Seabury Foundation, please visit our [online grants portal](#).

- Applicants seeking project or program support: Please be sure to include details about the location of that project/program.
